This is the second office action for serial number 09/920,924, Methods and Apparatus for Generating Force and Torque, filed on August 2, 2001. This application is a continuation in part of 09/724,494 filed November 28, 2000.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 2-4, 6, 8, 10, 11, 18-20, and 26-33 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted structural cooperative relationships are: The relationship between the leaf spring and the cam and cam following assembly. The relationship between the gas spring and the cam and cam following assembly. Applicant may consider to include the following language in claim 6 to overcome the 112 problem: “, wherein said spring is positioned between said cam and said cam following assembly. Similar language is required for claim 8.

***Allowable Subject Matter***

Claims 2-4, 6, 8, 10, 11, 18-20, and 26-33 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

*Response to Arguments*

Applicant's arguments with respect to claims 2-4, 6, 8, 10, 11, 18-20, and 26-33 have been considered but are moot in view of the new ground of rejection.

*Conclusion*

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
